

Central Intelligence Agency

Washington, D.C. 20505

19 October 1984

STAT

I have received your vita and letter of 14 October 1984 applying for our History Staff opening.

As our advertisements in the AHA Perspectives and the Chronicle of Higher Education noted, we are looking for an experienced historian with the Ph.D. preferably in recent U.S. diplomatic or military history. I have to report that your qualifications do not appear to match our needs as closely as do those of several of our other candidates. I am grateful for your interest, and sorry that we cannot consider you further for this mid-level position.

With all good wishes,

Yours sincerely,

STAT

J. Kenneth McDonald
Chief Historian
